the age of information has spawned a critical focus on human communication in a multimedia world particularly on theories and practices of writing with the worldwide web impacting increasingly on academic and business communication the need has never been greater for advanced study in writing communication and critical thinking across all genres sectors and cultures in recent decades the definitions of new rhetoric have expanded to encompass a variety of theories and movements raising the question of how rhetoric is understood and employed in the twenty first century the essays collected here represent variations on these themes with each attempting to answer the title's deliberately provocative question addressing particularly how the classical art of rhetoric is still relevant today how it is directly related to modern technologies and the new modes of communication they have generated how rhetorical practice is informing research methodologies and teaching and learning practices in the contemporary academy

will martin just started a group called wimpy club as he thinks wimpy is the new cool its about new life new friends lots of adventures and lots of stuff that you havent expected

plastics sustainability clearly lays out the thorny and contentious issues that we encounter at the nexus of plastics and sustainability the book serves as a practical guide for making sustainability decisions about how plastics are made and used including current developments in the newest bio based plastics designers marketers academics and engineers will all find something of value in this balanced and thoughtful second edition increased public scrutiny of plastics materials and the plastics industry has led paradoxically to both a deeper understanding and growing confusion about polymers their origins their uses their risks and ultimately their disposal the author makes objective comparisons among major polymer grades and bioplastics including their

life cycle assessments and practical performance in commercial applications

edited in collaboration with folli the association of logic language and information this book constitutes the refereed proceedings of the 23rd workshop on logic language information and communication wollic 2016 held in puebla mexico in august 2016 the 23 contributed papers presented together with 9 invited lectures and tutorials were carefully reviewed and selected from 33 submissions the focus of the workshop is to provide a forum on inter disciplinary research involving formal logic computing and programming theory and natural language and reasoning

master s thesis from the year 2017 in the subject business economics business management corporate governance friedrich alexander university erlangen nuremberg language english abstract the goal of this master s thesis is to examine the relationship between managerial or and business model innovations bmis in established organizations in order to meet the complexity of the topic this thesis is focused on factors that hinder or help managers in recognizing business opportunities focusing on incumbent firms this paper conducts further research to identify the main influencing factors including challenges vulnerabilities and obstacles the thesis is divided into six parts starting with a brief description of the research topic including the problem position and objective second a literature review is conducted to summarize the state of research including theoretical foundations in today s scientific literature the two fields of research bmi or are by no means treated independently from each other for the time being bmi and or are considered independently of each other it is then shown exactly how current literature treats managerial or with respect to bmi the results are then synthesized into a summary highlighting what is known and not known the areas of controversy in the literature are identified and questions are formulated that need further research the third part of the thesis consists of expert interviews derived from the literature review a guideline for interviews is developed to treat the research gaps in an appropriate way and to meet the complexity of the task setting the explorative survey aims to identify the challenges and drivers of managerial or in bmi and to identify approaches that have not yet been addressed in scientific literature to a significant extent the core of the analysis is the splitting of the bm into the elements value proposition value creation and value capture this ensures that all the facets of a company s bm are accurately addressed and form the basis for high quality results in order to cover a broad range the paper does not focus on a certain industry the interviews are conducted with an array of decision makers in organizations that have attempted or are currently attempting to innovate their bm at the business unit level or the corporate level
