día tras día me he ido dando cuenta de que la cotidiana lectura sobre todo la relacionada con lo ficcional ha sido parte importantísima de mi ser en el mundo sobre todo en épocas en que por esta mal entendida globalización se vive a un ritmo demasiado acelerado y más que nada con un estrés galopante sin duda en lo personal en esos momentos de silencio en donde el tener un libro en la mano se constituye en un instante consagrado el ruido de la ciudad y la estridencia de las bocinas solo pasan a ser un mal sonido de fondo que no impide eso sí seguir las aventuras y desventuras de los personajes habidos y por haber

at the intersection of translation studies and latin american literary studies the translator's visibility examines contemporary novels by a cohort of writers including prominent figures such as cristina rivera garza César Aira Mario Bellatín Valeria Luiselli and Luis Fernando Verissimo who foreground translation in their narratives drawing on latin america's long tradition of critical and creative engagement of translation these novels explicitly visibly use major tropes of translation theory such as gendered and spatialized metaphors for the practice and the concept of untranslatability to challenge the strictures of intellectual property and propriety while shifting asymmetries of discursive authority above all between the original as a privileged repository of meaning and translation as its hollow emulation in this way the translator's visibility show that translation not only serves to renew national literatures through an exchange of ideas and forms when rendered visible it can help us reimagine the terms according to which those exchanges take place ultimately it is a book about language and power not only the ways in which power wields language but also the ways in which language can be used to unseat power
