this book uses pure mathematics to derive the best strategy for any situation you could have in a game of steel tip 01 based on a pattern of misses common to players who average about 19 to 22 points per dart the resulting strategies are displayed in illustrations for each situation at a glance you can determine where you should aim to maximize your chance of winning the optimal strategy for 01 games does not depend solely on your remaining score the dart you are throwing first second or third dart of your turn your opponent s score and your skill level should all factor into the decision of where to aim at times the score you had at the beginning of your turn also matters if there is a possibility of busting even if you already have memorized a good out chart and always follow its recommendations the strategies in this book can yield more than a 2 proportion of legs that you win that could mean winning one extra leg every couple of nights or several more legs over the course of a league season

darts is a fun game to play with friends whether you ve played it before or not you ll have lots of fun in this game when it comes to darts games the two most common variants are the 301 and the 501 if you re wondering how to play darts don t worry outline in this guide are the basic official darts rules for these 2 games most professional matches are 501 up this is the simplest of dart boards games played between two players each player starts with a score of 501 and takes
