this book examines the contemporary rise in community violence across the united states and globally from sociological and criminological perspectives it comprehensively investigates police response to criminal incidents engagements with criminal suspects use of force by law enforcement and crime control measures implemented or recommended to initiate effective crime control measures so that the unwanted rise of violence and serious crime can again be contained the primary audience for the book will be upper level undergraduate and graduate level students criminal justice and law enforcement practitioners government policy makers community advocates and researchers in sociology criminology homeland security criminal justice public administration and political science

stress in policing remains a serious concern for individual officers their families their organizations and society at large as an editor of the psychological and behavioural aspects of risk series ronald j burke brings together the latest research findings and intervention strategies shown to be effective by an international group of experts the contributors comprise of a group of high profile researchers and writers who are experts in their respective fields this edited collection addresses such issues as the increased risk of international terrorism racial profiling police culture police integrity police suicide inadequate police training the work of police officers exposes them to sources of stress that increase several risks in terms of their psychological and physical health their family relationships physical injuries emotional trauma ambiguity about their roles in society shift work and undercover work add additional burdens to officers and their families police work also places risks on the communities in which officers serve in terms of officers being inadequately trained to deal with mentally ill citizens

several encyclopedias overview the contemporary system of criminal justice in america but full understanding of current social problems and contemporary strategies to deal with them can come only with clear appreciation of the historical underpinnings of those problems thus this five volume work surveys the history and philosophy of crime punishment and criminal justice institutions in america from colonial times to the present it covers the whole of the criminal justice system from crimes law enforcement

and policing to courts corrections and human services among other things this encyclopedia explicates philosophical foundations underpinning our system of justice charts changing patterns in criminal activity and subsequent effects on legal responses identifies major periods in the development of our system of criminal justice and explores in the first four volumes supplemented by a fifth volume containing annotated primary documents evolving debates and conflicts on how best to address issues of crime and punishment its signed entries in the first four volumes supplemented by a fifth volume containing annotated primary documents provide the historical context for students to better understand contemporary criminological debates and the contemporary shape of the u s system of law and justice

an expert guide to contemporary research in the field of emergency services management this short form book will help academics scholars and practitioners to appreciate the important role and contribution of these services contemporary emergency services have been rapidly changing in response to increasing demand reducing resources the impact of covid 19 and the increasingly complex threats to public safety academics practitioners the emergency services and their key stakeholders all need to have a clear understanding of the changing role and contribution of these services as well as finding ways to improve their management and performance so that policy solutions to new and emerging threats may be efficiently developed and effectively implemented the book looks at the application of public management theories to emergency services and the development of professionalism within the police fire and rescue and ambulance services it examines the increasing need for better collaboration and identifies the nature and extent of the academic and practitioner divide and the research gap between the academic and professional communities in each of the services this book will be invaluable to researchers scholars practitioners and students in the fields of governance leadership and management especially those focusing on emergency services and management during crises

when the german wehrmacht swarmed across eastern europe an elite corps followed close at its heels along with the ss and gestapo the ordnungspolizei or uniformed police played a central role in nazi genocide that until now has been generally neglected by historians of the war beginning with the invasion of poland the uniformed police were charged with following the army to curb resistance pacify the countryside patrol jewish ghettos and generally maintain order in the conquered territories edward westermann examines how this force emerged as a primary instrument of annihilation responsible for the murder of hundreds of thousands of the third reich s political and racial enemies in hitler s police battalions he reveals how the institutional mindset of these ordinary policemen allowed them to commit atrocities without a second thought to uncover the story of how the german national police were fashioned into a corps of political soldiers westermann reveals initiatives pursued before the war by heinrich

himmler and kurt daluege to create a culture within the existing police forces that fostered anti semitism and anti communism as institutional norms challenging prevailing interpretations of german culture westermann draws on extensive archival research including the testimony of former policemen to illuminate this transformation and the callous organizational culture that emerged purged of dissidents indoctrinated to idolize hitler and trained in military combat these police battalions often numbering several hundred men repeatedly conducted actions against jews slavs gypsies asocials and other groups on their own initiative even when they had the choice not to in addition to documenting these atrocities westermann examines cooperation between the ordnungspolizei and the ss and gestapo and the close relationship between police and wehrmacht in the conduct of the anti partisan campaign of annihilation throughout westermann stresses the importance of ideological indoctrination and organizational initiatives within specific groups it was the organizational culture of the uniformed police he maintains and not german culture in general that led these men to commit genocide hitler s police battalions provides the most complete and comprehensive study to date of this neglected branch of himmler s ss and police empire and adds a new dimension to our understanding of the holocaust and the war on the eastern front

police leadershipexplores leadership theories through the real life experiences of well known police chiefs police leadershipprovides a template for police leaders on how to look at a given situation adopt an informed perspective and make the right leadership decision this book provides a comprehensive examination of a broad range of organizational leadership theories including team theory leader member exchange theory transformational theory style theory situational theory contingency theory and path goal theory topics focus on ethics and integrity demonstrating the central importance to leadership of ethics and integrity for police leaders from street level officers to the highest ranking police chiefs

if you think your job is hopelessly difficult you may be right particularly if your job is public administration those who study or practice public management know full well the difficulties faced by administrators of complex bureaucratic systems what they don t know is why some jobs in the public sector are harder than others and how good managers cope with those jobs drawing on leadership theory and social psychology erwin hargrove and john glidewell provide the first systematic analysis of the factors that determine the inherent difficulty of public management jobs and of the coping strategies employed by successful managers to test their argument hargrove and glidewell focus on those jobs fraught with extreme difficulties impossible jobs what differentiates impossible from possible jobs are 1 the publicly perceived legitimacy of the commissioner s clientele 2 the intensity of the conflict among the agency s constituencies 3 the public s confidence in the authority of the commissioner s profession and 4 the strength of the agency s myth or long term idealistic goal hargrove and glidewell flesh out their analysis with six case studies that focus on the

roles played by leaders of specific agencies each essay summarizes the institutional strengths and weaknesses specifies what makes the job impossible and then compares the skills and strategies that incumbents have employed in coping with such jobs readers will come away with a thorough understanding of the conflicting social psychological and political forces that act on commissioners in impossible jobs
